Message from the Vice-Chancellor

Located in the lush green foothills of Shivalik, the Doon University is dedicated to promoting excellence in teaching and research. The university offers a broad range of multi-disciplinary academic programmes at the undergraduate, postgraduate and doctoral levels. It has a scenic campus with a state-of-art infrastructure, stunning architecture and a serene living environment.

The pedagogical approach at the university is premised on the fact that teaching-learning process of current times must reflect the changing educational, technological, professional and societal needs and aspirations. Taking this approach into its strides, the Doon University has made a radical shift from the traditional forms of only classroom-based, teacher-centric and rote-learning to a more holistic approach to acquiring knowledge and skills using a state-of-art technology in sync with the emerging trends and needs of the ‘Global Village’ while keeping intact the spirit of “Think Global, Act Local”. This pedagogical orientation is vividly expressed in Doon University curriculum which has four key elements, viz., Active Learning, Learning Beyond the Classroom, Education for Profession and Career Skills. The whole pedagogy is taught-centric and technology driven with an emphasis on interactive and participatory learning.

Our highly qualified, experienced and dedicated faculty members are constantly engaged in the pursuit of excellence in their respective fields. We continue to establish collaborative partnerships with business, government, other research institutions as well as various agencies and civil society organizations. We also keep on inviting eminent scholars and scientists to deliver lectures and impart training to the students so as to keep the students tuned with emerging requirements in academia, profession and industry.

From the Academic Session 2022-23, the University is implementing a Four Year Undergraduate Programme as envisaged under New Education Policy (NEP), 2020. The NEP envisages several transformative initiatives in higher education by introducing holistic and multidisciplinary undergraduate education that would help develop all capacities of human beings - intellectual, aesthetic, social, physical, emotional, ethical and moral –all in an integrated manner. Adoption of flexible curricular structures as envisaged in NEP shall enable creative combinations of disciplinary areas for study in multidisciplinary contexts that would also allow flexibility in course options to the students. This Undergraduate degree programs will also offer multiple entry and exit points and re-entry options during the course of the study, with appropriate certifications at different stages.

With this I welcome you in Doon University family. I am sure that your association with this University will prove to be an experience which you shall cherish forever.

Prof. Surekha Dangwal

1- About the University

Doon University draws its profile from the vision of the state to transform the higher education of the region as a carrier of Excellence. It is one of the leading educational Institution of Uttarakhand State established by the State Government vide *Doon Vishwavidalaya Adhinium 2005 (Act No. 18 of 2005)*. The University is recognized under section 12(B) of the UGC Act 1956. Doon University is located at the right bank of Rispna River, 8km south-east direction from the Dehra Dun city centre in the background lush green Sal forest. It has a sprawling campus spread over 22.26Hectares land. Geographically the university is situated at $70^{\circ} 2' 35''$ E longitudes and $30^{\circ} 15' 46''$ N latitudes at the height of 588m from m.s.l. to Mothorawala road which is known as Kedarpuram. Its distance is 6.84 km in S-E direction from Dehradun railway station and 7.8 km from clock tower.

Doon University Campus

The university is under rapid process of transformation to an institution of excellence. This university is encouraging development of efficient and transparent system that would further facilitate a learners experience in the University. The university programmers combine the enduring value of a liberal arts education with the skills and experience offered by professional departments. The university has 9 schools on the campus offering 20 UG and 26 PG programmes through a highly qualified faculty. The University also offers Ph. D. programme in 14 courses and Certificate programmes in various fields of study. From Academic Session 2022-23, the University will also be offering a Four Year Undergraduate Programme as envisaged in National Education Policy (NEP) 2020. Student community, faculty and staff at the University are multicultural, multifaceted and represent a truly national character. The University has established partnership (MoUs) with globally and nationally recognized premier institutions. A Centre for Public Policy (CPP) supported by National Thermal Power Corporation (NTPC) is established for Public Policy Research, Advocacy and Capacity Building. Doon University is the first University in the region and the State where a Data Centre (Data Bank) has been established with the support of the Office of the Registrar General of India (ORGI)-Census Directorate to promote census and demographic research. Recently, Ministry of Social Justice and Empowerment, Govt. of India has established Dr. Ambedkar Chair in Doon University to promote research and welfare of the marzinalized communities of Uttarakhand. Since the University is located in one of the Himalayan States of India, Dr. Nitya Nand Himalayan Research

and Study Centre is also started to cater the need of research and documentation in the areas of Himalayan Ecology, Geography, Geology, Migrant labour and Employment and Himalayan Traditions and Folk Art. In a short span of time, Doon University has emerged as a credible institution and a preferred destination for academics and research. By virtue of its commitment to excellence, the University has been awarded B++ grade by NAAC in 2017 in its very first few formative years.

It resembles a large self-contained educational center with lecture theaters, smart class room, Wi-Fi campus, library facilities, laboratories, on campus hostel accommodation, cafeteria, canteen, bank, ATM's and post Office.

The campus of the University has often been rated as one of the most beautiful green campuses in Uttarakhand. There are a number of lush green gardens, water fountains and sidewalks which provide an ideal environment on the campus for study and leisure.

5- Programmes of Study

Four Year Undergraduate Programmes

From Academic Session 2022-23, the University will be implementing a Four Year Undergraduate Programme as envisaged under National Education Policy (NEP), 2020.

The NEP envisages several transformative initiatives in higher education as below:

- Introducing holistic and multidisciplinary undergraduate education that would help develop all capacities of human beings - intellectual, aesthetic, social, physical, emotional, ethical and moral - in an integrated manner; soft skills, such as complex problem solving, critical thinking, creative thinking, communication skills; and rigorous specialization in a chosen field(s) of learning.
- Adoption of flexible curricular structures in order to enable creative combinations of disciplinary areas **for study in multidisciplinary contexts** that would also allow flexibility in course options that would be on offer to students, in addition to rigorous specialization in a subject or subjects.
- Undergraduate degree programmes of either 3 or 4-year duration, **with multiple entry and exit points** and lateral entry options within this period, with appropriate certifications as under:

Structure of Four Year Undergraduate Programme Framework

The details of the structure are provided below in Table –

	School/Programme	Eligibility /Other Details
School of Physical Sciences		
1	B.Sc. (Hons/ with Research) Physics/ Chemistry/ Mathematics	(a) 10+2 with Physics, Chemistry and Mathematics or Biology (Minimum 50 % marks) from a recognized Board of Secondary Education. (45 % for SC/ST from Uttarakhand). <i>Note: Mathematics as a subject at 10+2 level is compulsory for B.Sc.(Hons/ with research) Mathematics and B.Sc. (Hons/ with Research) Computer Science</i>

2	M. Sc. Physics	Graduate in Science from a recognized University (established/approved by UGC) with Physics as an elective subject (Minimum 50 % marks, & 45 % for SC/ST from Uttarakhand).
3	M. Sc. Mathematics	Graduate with mathematics as one of the subject (Minimum 50 % marks from a recognized University (established/approved by UGC)). (45 percent for SC/ST from Uttarakhand)
4	M. Sc. Chemistry	Graduate with Chemistry as one of the subject (Minimum 50 % marks from a recognized University (established/approved by UGC)). (45 percent for SC/ST from Uttarakhand)
	Ph.D. in Chemistry/ Physics /Mathematics	As per the UGC regulations.
School of Technology		
5	B.Sc. (Hons/ with Research) /Computer Science	(a) 10+2 with Physics, Chemistry and Mathematics or Biology (Minimum 50 % marks) from a recognized Board of Secondary Education. (45 % for SC/ST from Uttarakhand). <i>Note: Mathematics as a subject at 10+2 level is compulsory for B.Sc. (Hons/ with Research) Computer Science</i>
6	B. Tech (Computer Science and Engineering with Research) (Full Time, 4 yrs)	10+2 with Physics and Mathematics (Minimum 50 % marks) from a recognized Board of Secondary Education. (45 % for SC/ST from Uttarakhand).
7	M. Sc. Computer Science	Graduate with Computer Science as one of the subject (Minimum 50 % marks from a recognized University (established/approved by UGC)). (45 percent for SC/ST from Uttarakhand)
8	M. Tech (Computer Science and Engineering)	Candidates must have passed B.Tech.(CSE/IT/ECE/EE/IN/ME/M.C.A/M.Sc.(CS/IT/Maths/Statistics/Operational Research/Electronics) and obtained at least 50% marks in qualifying examination from recognized university/Institute.
9	Ph.D. in Computer Science	As per the UGC regulations.
School of Design		
10	B. Des Hons (Full Time, 4 yrs)	10+2 in any subject from a recognized Board of Secondary education with minimum 50% marks (45 % for SC / ST from Uttarakhand)
School of Environment Science and Natural Resources		
11	M.Sc. Environmental Science	Graduation in basic or applied sciences from a recognized University (established/approved by UGC)with minimum 50 % marks (45 % for SC/ST from Uttarakhand)
12	M.Sc. Environmental Science (specialization in NRM)	Graduation in basic or applied sciences from a recognized University (established/approved by UGC)with minimum 50 % marks (45 % for SC/ST from Uttarakhand)

13	M. Tech. in Environmental Technology	M.Sc. in Environmental Science or basic or applied science with minimum 50% marks (45 % for SC/ST from Uttarakhand) or B. Tech. in Civil Engineering, Chemical Engineering, Mechanical Engineering, Microbiology, Biotechnology and allied Engineering disciplines. Other Details: Candidates having valid GATE score will be called for interview.
14	Ph.D. Environmental Science	As per the UGC regulations.
School of Media & Communication Studies		
15.	B.A. (Hons/ with Research)	10+2 in any subject from a recognized Board with 50 % marks (45 % for SC/ST from Uttarakhand)
16	M.A Media & Communication Studies	Graduate in any subject from a recognized University (established/approved by UGC) with at least 50 % marks (45 % for SC/ST from Uttarakhand). Preference will be given to the students from Doon University having B.A. (Honours) obtained through M.A. Integrated Programme in Media & Communication Studies. Remaining seats will be available for students from other institutions.
17	Ph.D. Media & Communication Studies	As per the UGC regulations.
School of Management		
18.	BBA/ B. Com (Degree/ with Research)	Minimum 50% marks from any stream in 10+2 from a recognized Board of Secondary Education (45 % for SC/ST from Uttarakhand)

* One seat is reserved, over and above the intake, for NCC 'C' Certificate holders for Foreign Language Degree Programmes of the University.		
School of Social Sciences		
27	B. Sc. (Hons/ with Research) Economics	10+2 in any subject from a recognized board with at least 50 % marks (45 % for SC/ST from Uttarakhand). A background in Mathematics/Economics at 10+2 is desirable.
28	B.Sc. Psychology (Hons/ with Research)	10+2 in any subject from a recognized board with at least 50 % marks (45 % for SC/ST from Uttarakhand).
29	M.A. Economics	Graduation with at least 50 % marks in social sciences/ commerce/science (45 % for SC/ST from Uttarakhand) from a recognized University. A background in Economics/mathematics/ quantitative techniques is desirable.
30	M.A. Psychology	Graduation in any discipline (except Veterinary Science) with at least 50 % marks (45 % for SC/ST from Uttarakhand) from a recognized University.
31	M.A. Social Work	Graduation with at least 50 % marks (45 % for SC/ST from Uttarakhand) from a recognized University.
30	M.A/M.Sc. Anthropology	Graduation (B.A. / B.Sc.) with at least 50 % marks (45 % for SC/ST from Uttarakhand) from a recognized University.
31	Master of Library and Information Science	Bachelor of Library and Information Science from recognized university/institution with minimum 50% marks (45% for SC/ST from Uttarakhand) from a recognized University.

32	Ph.D. Economics	As per the UGC regulations.
33	Ph.D. Psychology	As per the UGC regulations.
Nitya Nand Himalayan Research and Study Centre		
34	BA / B.Sc Geography (Hons/ with Research)	For B.A.: 10+2 with Arts/Commerce background. (Minimum 50 % marks) from a recognized Board. (45 % for SC/ST from Uttarakhand). For B.Sc.: 10+2 with Physics, Chemistry and Mathematics or Biology. (Minimum 50 % marks) from a recognized Board. (45 % for SC/ST from Uttarakhand).
35	B.Sc Geology (Hons/ with Research)	10+2 with Physics, Chemistry and Mathematics or Biology. (Minimum 50 % marks) from a recognized Board. (45 % for SC/ST from Uttarakhand).
36	M.A./M.Sc. Geography	Graduation (B.A / B.Sc.) with Geography or related discipline as subject with at least 50 % marks (45 % for SC/ST from Uttarakhand) from a recognized University.
37	M.Sc. Geology	Graduation in basic or applied sciences with minimum 50 % marks (45 % for SC/ST from Uttarakhand) from a recognized University.
38	M.Sc. Urban Development Management	Graduation in any discipline with minimum 50 % marks (45 % for SC/ST from Uttarakhand) from a recognized University
39	Ph.D Geology	As per the UGC regulations.
40	Ph.D Geography	As per the UGC regulations.
41	Certificate course in Garhwali/Kumauni/Jaunsari Language	10+2 in any subject from a recognized Secondary Education Board. Preference will be given to eligible applicants serving in various sectors
42	M.A. in Theatre	Graduate in any stream of Arts, Social Sciences, Sciences, Humanities (with minimum 50 %marks (45 % for SC/ST from Uttarakhand) from a recognized University
School of Biological Sciences		
43	B.Sc. (Hons/ with Research) Biological Sciences	10+2 in Science with Biology (Minimum 50 % marks) from a recognized Board of Secondary Education. (45 % for SC/ST from Uttarakhand).

Eligibility of the candidates who are due to appear in qualifying examination

1. The candidates in the event of their selection shall be entitled to admission only if they have secured the minimum prescribed/required percentage of marks in their qualifying examination and they

submit all documents, including final mark-sheet of qualifying examination before the deadline fixed for registration. The admission will be cancelled if all the relevant documents are not received by the due date. University also reserves the right to cancel the admission at any point of time if the produced documents are found to be false/misleading.

2. The University reserves the right to decide the cut-off point for various programmes and may fill up the seats accordingly. The candidates scoring below the cut-off point will not be considered for admission even if the vacancy exists.

8- Entrance Test Paper Outlines

8.1. Key Features:

- Separate entrance tests for different programmes.
- Duration of Entrance Test: Two hours
- Mode of test: Mostly multiple choice questions, other modes of questions to test the knowledge, aptitude may be used for some programmes.

8.2. Outline of the broad subjects/ topics to be covered:

Programme/s	Outline of subjects/topics
School of Physical Sciences	
i. B.Sc. (Hons/ with Research) Physics/ Chemistry/ Mathematics	One question paper in two sections as follows: Section I: 25 multiple choice questions to test the knowledge of candidate on General Awareness, Physical Science and Technology domains. Section II: 75 multiple choice questions of Intermediate level in Physics, Chemistry, Mathematics, Computer Science and Biology.
ii. M.Sc. in Physics	One question paper containing questions at the level of B.Sc. with Physics (basic and applied).
iii M.Sc. Mathematics	One question paper containing questions at the level of B.Sc. Mathematics (basic and applied).
School of Technology	
i. B.Tech Computer Science	10+2 with Physics and Mathematics (Minimum 50 % marks) from a recognized Board of Secondary Education. (45 % for SC/ST from Uttarakhand).
ii. B.Sc. (Hons/ with Research) Computer Science	One question paper in two sections as follows: Section I: 25 multiple choice questions to test the knowledge of candidate on General Awareness, Physical Science and Technology domains. Section II: 75 multiple choice questions of Intermediate level in Physics, Chemistry, Mathematics, Computer Science and Biology.

iii. M.Tech. Computer Science	One question paper containing questions at the level of B.Tech Computer Science/IT.
iv. M.Sc. Computer Science	One question paper containing questions at the level of B.Sc. Computer Science/Computer Application.
School of Biological Science	
B.Sc. (Hons / with Research) Biological Sciences	One question paper in two sections as follows: Section I: 25 multiple choice questions to test the knowledge of candidate on General Awareness, Biological Science and Technology domains. Section II: 75 multiple choice questions of Intermediate level in Physics, Chemistry, Mathematics, Computer Science and Biology.
School of Environment & Natural Resources	
i. M.Sc. Environmental Science ii. M.Sc. Environmental Science (Specialization in NRM)	One question paper in two sections as follows: Section I: 40 multiple choice questions to test the general knowledge of candidate on environment and natural resource related domain. Section II: 60 multiple choice questions of bachelor's level (20 each in selected 3 subjects) from the following subjects: Botany, Zoology, Chemistry, Physics, Mathematics and Geology. Candidates will be required to select any three subjects of their choice. All the questions in selected subjects should be attempted.
iii. M. Tech. Environmental Technology	One question paper of 2 hours duration having two sections with multiple choice questions as follows: Section I (60 Marks) : The section I will consist of 60 multiple choice questions covering various sub disciplines of environmental science and engineering such as ecosystem processes, earth sciences, atmospheric sciences, environmental pollution and control, energy, natural resources, biodiversity conservation, environmental laws and policies and instrumentation. Section II (40 Marks): This section will have 60 multiple choice questions at bachelor's level in following subjects: Botany, Zoology, Microbiology & Biotechnology, Chemistry, Physics, and Mathematics. The candidate will have to attempt any 40 questions.
School of Media & Communication Studies	
i. M.A. Media & Communication Studies	Multiple choice objective questions on general studies, comprehension and language ability, reasoning, situation analysis, etc.

ii. B.A.(Hons/ with Research) Media & Communication Studies	Multiple choice objective questions on general studies, comprehension and language ability, reasoning, situation analysis,etc.
-------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------

School of Languages

i. B.A. (Hons/ with research) English,	One question paper to test the general language and aptitude. Questions shall be within the broad spectrum of General Knowledge, General English and Elementary Knowledge on the culture and civilization of the languages/country concerned and aptitude for language skills.
ii. B. A. (Hons/ with research/) Spanish, German, Chinese, Japanese, French	
iii. M.A. Spanish, German, Chinese, Japanese, French	Question Paper based on proficiency in concerned language followed by interview
iv. M.A. English	One question paper based on English language and literature at the level of graduation

School of Management

i. B.B.A. and B.Com (Hons/ with research)	Multiple choice objective questions on Numerical Ability, Discipline Specific and English Language Comprehension.
ii. M.B.A.	Group Discussion and Personal Interview. (Merit will be compiled using score of MAT/ CAT and GD-PI).
iii. Executive MBA	The selection to the programme will be based on academic qualification, with 3 years of managerial/ entrepreneurial/ professional experience after graduation and personal interview.

School of Social Sciences

i. B.Sc. (Hons / with Research) Economics	One question paper with objective type questions comprising sections covering Introductory Economics (50 Questions), General Awareness (15 Questions) Basic Mathematics & Statistics (25 Questions) General English (10 Questions).
ii. B.Sc. Psychology (Hons/ with Research)	Multiple choice objective questions on General Awareness, Numerical Ability, Logical Reasoning and English Language Comprehension.
iii. M.A. Economics	One question paper with objective type questions comprising sections covering graduate level Economics (50 Questions), General Awareness (10 Questions), Quantitative techniques (20 Questions), Reasoning (20 Questions).
iv. M.A. Psychology	Multiple choice objective question paper with 25 questions on General Awareness, 25 on English Language Comprehension and 50 on Subject aptitude. There will be 100 Multiple choice questions based on BA psychology syllabus.

v. M.A. Anthropology	Multiple choice objective question paper with 25 questions on General Awareness, 25 on English Language Comprehension and 50 on Subject aptitude
vi. M.A. Social Work	Multiple choice objective question paper with 25 questions on General Awareness, 25 on English Language Comprehension and 50 on Subject aptitude

School of Design	
B. Des. (Bachelor of Design)	Multiple choice objective type question paper covering general knowledge, awareness, reasoning, problem solving, etc. There will be design related multiple choice questions that test general knowledge as well as visual understanding. Some of the topics included will be Elements & Principles of Design, Colour Terminology, Natural & Geometrical Form, Design Innovations in India, Fonts & Lettering, Understanding of Measurements, Scales & Proportions, Foreshortening & Perspective, Arts & Crafts of India.

Dr. Nityanand Himalayan Research and Study Centre	
i. BA / B.Sc Geography	50 multiple choice questions on General Awareness and 50 multiple choice questions on Geography of intermediate level (NCERT)
ii. B.Sc Geology	25 multiple choice questions to test the knowledge of candidate on General Awareness, 75 multiple choice questions of Intermediate level in Physics, Chemistry, Mathematics / Biology.
iii. M.A. / M.Sc. Geography	Multiple choice objective question paper with 25 questions on General Awareness, 75 on Subject aptitude.
iv. M.Sc. Geology	Multiple choice objective question paper with 25 questions on General Awareness, 75 on Subject aptitude.
v. M.A, Theatre	Multiple choice objective question paper with 25 questions on General Awareness, 50 Indian / Uttarkhand Culture and 25 on Theatre aptitude.
vi. M.Sc. Urban Development Management	Multiple choice objective question paper with 25 questions on General Awareness, 75 on Subject aptitude. *Exemption from entrance examination: Applicants who have qualified CEPT entrance examination in the year 2024 ** CEPT qualified applicants are also required to fill the Doon University registrarion form

Note: Question papers of entrance test of previous years (except of new programmes being introduced) will be available at the University website or could be purchased from the University counter on payment.

9- About Schools, Centres

9.1 School of Environment and Natural Resources (SENR)

The School of Environment and Natural Resources was established in 2009 as a flagship school of the University. SENR aims at meeting the needs of the society by providing advance training to students in Environment and Natural Resources Management through a structured curriculum with integrated multi-disciplinary approach involving latest advances in the fields of physical, chemical and biological components of the environment with an emphasis on research and innovation. The school is committed to excellence and building capacities of trained professionals who can meet the emerging environmental challenges of the 21th century.

The School has also M. Tech. program in Environmental Technology under the UGC sponsored innovative Programme in 2013. M. Tech. programme envisages the creation of appropriated human resources for industry and research sectors dealing with the areas of sustainable and clean environmental development initiatives.

Environmental Science students has a plethora of career options spanning various sectors. The postgraduate students can pursue roles in environmental consulting firms, aiding industries and governments in compliance with environmental regulations and sustainable practices. Opportunities also exist in research institutions, where individuals can contribute to cutting-edge studies on climate change, biodiversity conservation, and pollution control. Government agencies offer positions in environmental policy-making and implementation, focusing on issues such as waste management, renewable energy, and conservation efforts. Additionally, careers in non-governmental organizations (NGOs) and advocacy groups enable professionals to actively engage in grassroots initiatives, community development projects, and environmental education campaigns. With the growing emphasis on sustainability across industries, Master's graduates in Environmental Science and Technology in India have a diverse array of pathways to make meaningful contributions towards a greener future.

Research Activities

The School has taken initiatives by offering Ph. D. programme in Environmental Science since 2011. Currently, the main thrust areas of research are Forest Ecology & Biodiversity Conservation, Environmental Microbiology, Solid Waste Management, Wastewater Treatment, Nanomaterials & Green Technology, Bioenergy, Air Quality Monitoring & Modelling, Regional air quality (CTM) modeling, Climate Modelling, Disaster Management, Geomatics, Remote Sensing. For strengthening interdisciplinary research in various domains of Environmental Science and Natural Resource Management, the University has entered into an MoU with Indian Institute of Remote Sensing (IIRS), Dehradun, Wadia Institute of Himalayan Geology (WIHG), Dehradun and Indian Institute of Petroleum (IIP), Dehradun, G. B. Pant National Institute of Himalayan Environment & Sustainable Development (GBPNIHESD), Almora and Wildlife Institute of India (WII), Dehradun. More academic linkages are being worked out.

The School has a state of art laboratory equipped with high end sophisticated instruments such as Ion Chromatogram, Induced Coupled Plasma Atomic Emission Spectroscopy(ICP-AES), CHNS

Analyzer, Gas Chromatography- Mass Spectroscopy (GC-MS), High Performance Liquid Chromatography (HPLC), Atomic Absorption Spectrophotometer, LICOR Infrared Gas Analyzer (IRGA), LICOR Photosynthetic Analyzer, PCR with Gel Documentation, Fiber Analyzer, Kjeldahi Nitrogen Analyzer, UV visible spectrophotometer, Microwave digester, Anderson Cascade impactor, Flame photometer along with some minor instruments such as BOD incubators, hot air ovens, Autoclave, Laminar air flow, Micro balances, Electrophoresis unit, Distillation units, the School has its own ambient air quality system (continuous analyzer for O₃, CO, NO_x, SO_x), Cathetometer, weather station, high volume sampler.

A GIS and Remote Sensing Laboratory with 20 computers, four Work Stations, Plotter and Scanner has been established for enhancing the capacity of the students to undertake dissertation and research in the Environment and Natural Resources Management. Ten licenses of ERDAS imaging and five licenses of Arc-info have been procured for the GIS and RS Laboratory which is being further strengthened.

Teaching & research Support

The School has qualified and experienced faculty drawn from relevant disciplines for teaching and research. Adequate technical support staff has been provided to assist students in the laboratories. The faculty members have carried out several research projects sponsored by National agencies, such as ICAR, DST, UGC, DBT, etc. Few ongoing research projects sponsored by these funding agencies are being implemented by the faculties of the SENR. Academic support is also drawn from various Institutions such as IIRS, CSWCRTI, WWF, WII, ICAR, JNU, etc. The School has been awarded grant under the FIST Scheme by the Government of India. Department of Science and Technology in 2014. The school has been awarded M. Tech. program by UGC under its scheme of innovative programs in the year 2012. The Doon University has been awarded in the year 2016 Himalayan Fellowships worth Rs. 2.39 crore under National Mission on Himalayan Studies (NMHS) by Ministry of Environment, Forest & Climate Change, Govt. of India for which SENR has been nodal school in planning, preparation and execution of the project.

Internship/Industrial Training & Placement

The Master students (M.Sc. Environmental Science, M. Sc. Natural Resources Management and M. Tech. Environmental Technology), are trained to take up jobs in the corporate world, industry, research organizations, non-governmental and government organizations and academic institutions. The students are placed in suitable organization/industry for their mandatory Summer Internship/Industrial Training of 8-10 weeks during third semester. This gives them an opportunity to forge close links with the organization, which is helpful in their future placement. Some premier institutions/organizations where students have undergone Summer Internship/Industrial Training include National Environment and Engineering Institute (NEERI) Nagpur, Indian Institute of Remote Sensing (IIRS) Dehradun, GB Pant Institute of Himalayan Environment & Development (GBPIHED), National Institute of Oceanography (NIO), Goa, Indian Institute of Tropical Meteorology (IITM) Pune, Foundation of Revitalizing Local Health Traditions (FRLHT), Bangalore, National Institute of Hydrology, (NIH) Roorkee, World Wildlife Fund (WWF), ONGC Dehradun, State Pollution Control Board of Uttarakhand, Hindalco Industries LTD. Renukoot, Jindal Steel & Power JSPL, Raigarh, etc.

9.2 School of Media & Communication Studies

In recent years India has witnessed unprecedented growth in the field of communication and media. The media and entertainment industry is experiencing an upsurge in the demand for requisite knowledge and professional skills to meet the challenges and to make use of the opportunities that exist today.

The School of Communication in response to these challenges offers a flexible academic programme of study in areas viz. Journalism, Media Studies, Social and Development communication, Advertising, Public Relations, Photography, Radio, Television, Films, Animation, Graphic design, Multi-media, Media Management and Communication Research.

The programme curriculum is wide ranging and interdisciplinary and is carefully designed to balance theoretical and practical aspects. The curriculum familiarizes students with various streams of the communication discipline; provides hands-on experience on all relevant skills and equips them for exciting career in communication and media industry, profession and research.

Media Lab

The School of Communication has a state of art Media Lab with latest solid-state technology being currently used by the media industry. It is equipped with TV studio with multi-camera production facility, adequate number of cameras for Digital Still photography, and High-Definition Video cameras with accessories for outdoor and studio shoots. Other production equipments include Adobe software and Final Cut Pro non-linear editing suites. Additional facilities include digital audio work stations, sound recording and editing facilities, multimedia lab with relevant software for print journalism and still photography units.

Students have access to in-depth training by professionals currently working in the industry in producing programs such as documentaries, commercials, television features, etc. Eminent professionals from news channels are invited to train students in news production and presentation. The Centre modernizes and strengthens its production facilities periodically to keep pace with the changing technology and demands of the profession. The Centre also has a media library housing a large collection of books, journals, films, video cassettes, audio cassettes, stock shots, and press clippings for the exclusive use of students.

9.3 School of Management (SoM)

The School of Management (SoM) is ranked amongst the top B-Schools of the country for its consistency in delivering excellence in quality management education. The school was conceived

with the objective of transforming management education in India by creating an excellent teaching and learning environment. The school offers academic excellence in the right blend of rich human values. Through a world-class pedagogy, the Management students are encouraged to become innovators, thought leaders, and entrepreneurs. The school offers industry centric curriculum across all its programs that trains the students to become successful global leaders. The curriculum across all the programs offers case-based pedagogy, role plays, management games, organizational development interventions to shape the business leaders of tomorrow. Regular Guest lectures from Industry leaders sensitizes the students and gives them an up-to-date view of the corporate world.

What Makes School of Management Unique?

- 1) Excellent Industry Interface
- 2) Case Based Pedagogy & Practical Learning
- 3) Live Projects as an integral part of the curriculum
- 4) Rigorous Industry centric curriculum
- 5) 100% Placement Assistance
- 6) National & International Guest Lectures
- 7) Industrial Visits.
- 8) Exposure to the latest software's like R, Python, SPSS to name a few.

The school offers the finest infrastructure in campus. The school has an independent well-equipped building that is wi-fi enabled and has the following:

1. Large spacious classrooms that are equipped with the latest smartboards.
2. Computer Lab that has the latest statistical software like SPSS.
3. Access to a large library that offers the best text and reference books in the field along with the latest National and International journals of repute.
4. Conference Room which is a 50-seater global standard room well equipped with Audio Visual Aids, a smart board and a camera that facilitates online interactions with speakers across the globe.

Summer Internship

Summer Internships are mandatory for all graduates and post-graduate students at least once during the tenure of the program across all programs. This 6–8-week internship during the duration of the program helps the student understand the current industry requirements and trends. They further help students develop their career interests, work with prospective employers and potentially secure job offers. The students of the School of Management intern with the top companies in their field.

9.4 School of Languages (SoL)

School of Languages

Since its inception in 2010, the School of Languages at Doon University has been an emerging trendsetter not only in Uttarakhand but also in the region. Our five-year integrated Masters Programmes in various foreign languages (Chinese, French, German, Japanese and Spanish), draw students and scholars from all across the world. Our two-year Masters programme in English is rapidly gaining ground, becoming a force to reckon with. The five-year integrated foreign language programmes have the added advantage of giving students the option to exit after completing three years of graduation for a Bachelor's degree. Likewise, those having a requisite background in the respective foreign language may opt for lateral entry at the two-year Masters level through an entrance exam.

Due to the ever increasing demand of adding more points to the curriculum vitae of the professionals, scholars or general public, School of Languages at Doon University offers one-year Certificate Course spread over two semesters in Chinese, German, Spanish, Japanese and French in order to cater to these needs and trends of the market. In this course, the students learn how to communicate and write in a foreign language through very dynamic and interactive methodologies which will give the student a good command over the elementary level of the language selected. It not only helps in educational development but also increases one's communication and thinking ability and gives a new perspective in personal, professional, social and economic development. To be competitive on a global scale, the business world of tomorrow needs individuals who can work in a culturally diverse environment and who have strong skills in a foreign language. Candidates who have cleared 10+2 are eligible to apply for these courses. Classes are held twice a week and a total of 45 hours are taught in one semester.

The School also aims at research and development at an inter-departmental level under the aegis of SoL-Dialogue, SoL-Screen and SoL-Expressions. It prides its internationally trained and research oriented faculty, state-of-the-art Multimedia Laboratories as well as Memorandums of Understanding with European universities and international educational bodies.

Academic support is also drawn from various prestigious institutions such as Jawaharlal Nehru University, University of Delhi, Jamia Millia Islamia in form of academicians' regular visits for workshops, advisory committee meetings and as adjunct faculty in various departments.

Our extremely efficient Placement Cell at both the School and University level has helped students get placements in reputed companies, the ever-demanding tourism sector as well as academic institutions. A large number of students have been the beneficiaries of foreign scholarships.

Department of Chinese Studies

In the past few decades China has emerged as an economic power and being our neighbor and one of India's biggest trading partner it becomes all the more important to understand China. Learning Chinese can open a whole new world of opportunities. Department of Chinese, Doon University has made a name for itself in the past five years. The students are taught a well-designed curriculum which is regularly updated according to the needs of the time and has components of language, literature, culture and history. The Department aims to emerge as an important centre for Chinese studies by organizing workshops, seminars and other academic and cultural events.

Department of German Studies

German Studies in India is more than 100 years old. Department of German Studies at Doon University may be a new addition to this field but it has fast found a significant place by offering an updated curriculum. The curriculum contains apart from imparting skills in language and translation, study of literature and culture of German speaking countries; history and philosophy in a broader European framework. The department is regularly visited by esteemed professors from India and abroad. It already has a MoU with a German University. Several students have achieved scholarships to visit Germany and many have been placed in companies and academic institutions.

Department of Spanish Studies

Learning of Spanish has gained a lot of prominence recently in India given that it is spoken in 23 countries of the world and largely due to the ever developing bilateral ties between India-Spain and India-Latin American countries. A well researched curriculum of the Department of Spanish Studies is a great blend of academic and co-curricular activities that envisions the holistic growth of the students with an aim to prepare them for the professional world such as the embassies, MNCs, tourism industry, government organisations, translation sector, education, etc.

In addition to the Masters and BA Honours program, the Department has introduced PhD program in Spanish in the academic year 2021-22. Under National Education Policy 2020, Four Year Undergraduate program (BA Honours with Research) in Spanish was introduced in the academic year 2022-2023.

The department has been instrumental in signing of the Memorandum of Understanding between Doon University and the Universidad Católica del Maule, Talca, Chile in Latin America that is the department's initiative towards a Global South-South Dialogue.

The Department of Spanish Studies regularly collaborates with other departments within the School of Languages and other departments at the University level as well as with other educational centres of national and international importance on various occasions such as International Mother Language Day and International Book Day.

Department of Japanese Studies

In the backdrop of paradigm shift in bilateral relations between India & Japan, Japan has become India's "Global & Strategic Partner" in recent years. Indo - Japan relation has been described as the "Most important bilateral relationship of the 21st century". The Department of Japanese Language was introduced from academic session 2013-14 with the aim and vision to impart Japanese Language

skills to meet the emerging demand of the future professionals in this field. Academic qualification and proficiency in Japanese language opens the gate for career in sectors such as tourism, hospitality, embassies, international organizations, defense, education, interpretation and translation work in MNC's and Govt. organization, etc.

Department of French Studies

The Department of French and Francophone Studies, established in 2014, has made a name for itself in a short span of time. With its well-researched curriculum, the Department emphasizes a vibrant learning atmosphere and promotes an active engagement with French language and Francophone cultures through a mosaic of workshops, seminars and cultural activities. In the framework of a MoU with Université de Liège, our MA students attend a semester-long exchange program in Belgium. There exist a myriad of opportunities for undergraduate students too who can benefit from summer school programs offered by Wallonie-Bruxelles International, Belgium or Service Civique, Teaching English programs in France. In addition to UG and PG programs in French, the Department has introduced PhD programme in French from the academic session 2023-2024.

Department of English

The department prides itself for its intensive classroom teaching and seeks to organize seminars, conferences, workshops and symposia on a regular basis. The department runs the following programs: Masters in English, BA English Honours with Research and the PhD program in English. The second batch of PhD students have been inducted into the department. The curriculum is carefully planned, thoroughly researched and regularly updated. Learner-centric methodology is promoted in the department for teachers and students. The teachers are actively involved in research and publication work, mentoring students towards developing a keen edge in issues and theories of contemporary significance. It is also associated with inter-disciplinary intellectual activities with other languages departments within the school of languages as well as the university at large. In the session 2023-2024, the department initiated a class named as Library Based Study Assessment (LBSA) which targets the enhancement of reading skills among the students. In the session 2023-2024, the department hosted departmental annual fest themed on Halloween. The department began quarterly publication of an e-magazine, Pegasus in the year 2022 and launched the third issue of the e-magazine in the month of April' 2024. The e-magazine is an exhibition of students' expressions at their best. Such initiatives enhance the creative writing and designing skills, and promote critical skills among the students. In addition, the departmental literary body by the name of Elysian: The Literary Society which regularly holds events such as the series, 'Meet the Author' under which the department has hosted celebrated authors such as Prof Jaiwanti Dimri, Kamna Chandra, retired IPS officer Shri Anil Raturi, and DGP Uttarakhand Shri Ashok Kumar. Extempore, Read-a-Book Challenge, Book Discussions, and others such activities are held at regular intervals keeping in mind the interest of the students. It gives ample opportunities to students to participate in these creative activities and promotes holistic development of the students. The department has also signed a MoU with USAID NGO, Room to Read which promotes Children's Literature internationally. There will be four course modules on Children's Literature that will be offered to the students at University level. The curriculum was designed in a 5 Day intensive curriculum development workshop jointly organized by the Department and Room to Read. For the session 2023-2024, the new second part of course Children's Literature-II was offered to the second year students in undergraduate program. The department strives to enhance and add multiple ways of learning. Research scholars, undergraduate and post-graduate students are regular attendees of 'Research Methodology and

Ethics,' the interactive sessions and lectures delivered by Prof. Ashish Kumar, Chief Librarian, Doon University. In the present academic session, 6 students have qualified for the National/State Eligibility Test including 1 student who secured the UGC Junior Research Fellowship. Additionally, we continually arrange series of special lectures on literary studies and research methodology in the department where eminent speakers and academicians from different parts of India deliver lectures and interact with the students.

The Department of English in collaboration with Department of Theatre and Folk Performing Arts engages students in extracurricular activities and annually celebrates International Mother Language day to promote indigenous and foreign languages.

Department of Psychology

The Department of Psychology at Doon University, Dehradun, stands as a beacon of academic excellence and innovation in Doon University. Department of Psychology was established under School of Social Sciences in the year 2018, it has swiftly emerged as one of the fastest-growing

departments, reflecting its commitment to providing high-quality education and research opportunities in the field of psychology.

Originally department started offering a Master of Arts (MA) program in Psychology in 2018 with 20 seats, the department expanded its academic offerings in 2021 to include a Bachelor of Arts (BA) in Psychology Honors program under the Choice Based Credit System (CBCS), accommodating 40 students in this course. Additionally, in the same year, the department started a Ph.D. program in Psychology, further enhancing its academic portfolio.

Embracing the transformative vision of the National Education Policy (NEP) 2020, the department took proactive steps to implement its guidelines in 2021, aligning its curriculum and programs with the policy's objectives. This included the introduction of the BA Psychology (Honors with research) program based on the NEP framework, ensuring that our students receive a contemporary and comprehensive education that prepares them for the challenges of the 21st century. The first batch of BA Psychology (Hons) based on NEP 2020 started in 2022.

At the core of our academic offerings is a syllabus meticulously crafted to cover a wide range of topics and concepts, drawing from the syllabi of prestigious national-level examinations such as the UGC-NET, GATE, and UPSE. With a focus on clinical psychology, counselling psychology, biopsychology and various therapeutic modalities including Cognitive Behavioural Therapy (CBT), Acceptance and Commitment Therapy, Gestalt Therapy, among others, our syllabus equips students with both theoretical knowledge and practical skills essential for their academic and professional growth.

The quest for knowledge in the realm of human behaviour is vast and multifaceted. Thus, our graduate and postgraduate programs are meticulously crafted to encompass a wide array of topics, delving into the intricacies of brain function, cognition, developmental psychology, social dynamics, counselling, and clinical interventions. Within this rich tapestry of learning, our department and faculty are dedicated to laying a robust foundation for comprehending human behaviour through the lens of various life stages and experiences. This holistic approach fosters a well-rounded development in our students, preparing them for a fulfilling and impactful career journey ahead.

At the core of our department's ethos lies a commitment to bridging the gap between theoretical understanding and practical application. We strive to imbue our students with the skills and mindset necessary to innovate and make creative contributions towards enhancing mental health outcomes for individuals in need. By harnessing the power of both theory and experimentation, we aim to cultivate a new generation of psychologists who are not just scholars but compassionate agents of positive change in the world.

In essence, the Department of Psychology at Doon University, Dehradun, is committed to fostering a nurturing and intellectually stimulating environment where students can thrive and excel. With dedicated faculty, state-of-the-art facilities, and a forward-thinking approach to education, we strive to empower our students to become compassionate, competent, and socially responsible individuals poised to make meaningful contributions to society.

In conclusion, we invite you to join us on this exciting journey of exploration and discovery as we continue to push the boundaries of knowledge and excellence in the field of psychology.

9.6 School of Design (SoD)

Design or 'abhikalp' has been a core value of the culture of creativity and innovation that India has always been known for. School of Design was set up in Doon University in 2015 and even in its short existence; it has achieved critical acclaim and excellent placements. School of Design offers professional design education at a very affordable cost. The infrastructure and teaching is at par with other national institutes.

Today, design is an integral part of our growing society and part of everyday life. The program at Doon University follows the pattern of leading design institutes in India and abroad. The curriculum has been updated as per the New Education Policy of Government in India, incorporating more interdisciplinary courses with stress on building vocational skills that enhance employability of students.

The teaching pedagogy lays emphasis on creative thinking and a critical analysis of the product, so that it is both functional and aesthetic. The focus is on nurturing the creative aptitude in each student and developing their abilities in problem solving. Our aim is to prepare design graduates, who are `industry-ready` and have the necessary skills to deliver high quality projects in different work arenas. We follow a comprehensive and scientific design process, building skills of research, analysis, ideation, prototyping and validation. Participation of industry professionals and solving industrial problems in the real context is the essence of design education at School of Design.

The department proactively undertakes students' internships and placement responsibilities. Our students are mainly employed in the creative department of many industries like the burgeoning online industries, publishing, consumer electronics, automobiles, handicrafts, furniture, etc.

The School of Design at Doon University offers a 4 year Bachelor of Design graduation degree. The curriculum is developed on the basis of market needs and hence is dynamic in nature. Specializations are offered in the form of electives, in consultation with industry and academic experts. Currently we offer electives in Product Design, Communication Design, Interaction Design and Animation Design. Students also have the option to specialize in Immersive Media and Prototyping.

9.7 School of Physical Sciences (SoPS)

The School of Physical Science with its four departments: Physics, Chemistry, Mathematics and Computer Science was established in 2015. The School is an active beehive of high quality teaching programs and competent faculty members with various research backgrounds that cater to the ever challenging needs of teaching and technical excellence in all areas of Physical Sciences with globally benchmarked curricula.

The School offers Integrated Masters programme (five-year) in Physics, Chemistry, Mathematics and Computer Science and Masters Programmes (two-year) in Physics and Mathematics. The curricula of the integrated programmes in these subjects are based on UGC's Choice Based Credit System (CBCS) and provides a broad background as well as in-depth study of the subject and related areas. The curriculum is divided mainly into three categories: Core Courses, Discipline Specific Elective (DSE) Courses and Generic Elective (GE) Courses. Core courses are rigorous in-depth courses that build on the foundation and develop critical thinking and problem solving skills. Since the subjects involve a lot of experimental work therefore, substantial laboratory work is an integral part of almost all type of courses.

The two years Masters Programme in Physics is being offered. In its first year of establishment, the department organized a *National Seminar on Light and Light based Technology* (SLT-2016) in collaboration with IRDE, which was a great success.

Various initiatives are taken by the SoPS for the development of the students by encouraging them to participate in extension activities, such as science workshops, science club, research training programs etc. In order to ensure the exposure of students to the recent developments in scientific research, various seminars, quizzes and workshops on science and technology are organized by Doon Science Club, a joint initiative of Department of Chemistry and Physics. The faculty is also very active in extension activities and in reaching out to students.

Careers in Physics

Physics has always been a path of repute as a career option. The career opportunities span over a large number of fields in core as well as many inter-disciplinary fields. Apart from the prestigious career of a scientist in the leading national and international laboratories and organizations, this stream has become an important field to take up the jobs in Research and Development (R&D) in industries (such as Chemical industry, Electronics industry, Optics/Optoelectronics and Imaging industry, Industries of Device development, Industry involved in Smart-Materials, Industries of green-energy harvesting technologies etc.). The sectors such as market analyses through the theories of physics, applications of physics in IT-sectors are the other emerging fields for a lucrative career.

Research in Physics

The department aims to establish the state-of-the art experimental and computational facilities that will allow to venture into emergent interdisciplinary areas like nanoscience and nanotechnology, condensed matter physics, computational materials science, theoretical physics, space and atmospheric physics and energy harvesting technology. The faculties of the department are engaged in the research through the international collaborations taking up the emerging challenges of scientific research. As of the date the Department is equipped with furnaces, Electro-deposition assembly, Chemical Vapor Deposition (CVD) system, Fume-hood, hot air ovens, spin-coater, UV-Ozone cleaner, hot-plates with magnetic stirrer, ultrasonicator, analytical measuring balance, UV-Xenon, sensing systems and PVD systems. The procurement of solar simulator and High performance Computer (HPC) is under process. The Department also uses the Central Instrumentation Facility of Doon University. The research is supported through various projects taken up by the faculties of the Department. There is a running MoU signed along with IRDE, Dehradun (a lab of DRDO) for collaborative research.

Ph.D. Programme in Physics

The Department is offering Ph.D. programme for the students with the essential qualifications and aims to establish the state-of-the art experimental and computational facilities that will allow to venture into emergent interdisciplinary areas like nanoscience and nanotechnology, condensed matter physics, computational materials science, theoretical physics, space and atmospheric physics and energy harvesting technology.

Careers in Chemistry

Chemistry offers a huge spectrum of career opportunities in the fields of chemical engineering, chemical analysis and synthesis, quality control and quality assurance, analytical chemistry, health care and clinical R & D, nanotechnology, pharmacology, chemical technology, crystallography, solid waste management, toxicology, etc. The subject forms the backbone of basic research carried out in

various industries such as dyes and pigments, food and cosmetics, flavor and fragrance, pharmaceuticals, petroleum and natural gas industries, etc. The interdisciplinary approach further expands the career options in various fields such as molecular biology, biochemistry, material science and biophysics, and non-traditional areas such as medicine, patent or environmental law, forensic science, technical writing, art conservation and environmental studies.

Research in Chemistry

Research activities form the core of any Ph.D. program. Creative and meticulous investigations is the basis of underlying research work. Ph.D. program in Chemistry includes a rigorous course work, scientific writing, research and literature seminars, in-depth dissertation research under the supervision of a research advisor, and a public thesis defense. At present following broad areas are being offered for research in chemistry: Catalysis, Chemistry of Nanomaterials, Applications of Nanomaterials in water remediation and drug delivery, Coordination Chemistry, Green Chemistry, Structural Chemistry and Crystallography and Supramolecular Chemistry.

Ph.D. Programme in Chemistry

The Department is offering Ph.D. programme for the students with the essential qualifications and aims to establish the state-of-the art experimental facilities that will allow to venture into emergent interdisciplinary areas like nanoscience and nanotechnology, catalysis, organic syntheses, coordination chemistry, drug delivery systems, separation science and analytical sciences, and water remediation, polymer science and organometallics.

9.8 School of Tehcnology (SoT), Department of Computer Science

Department of Computer Science is running various skill development based technological courses such as Bigdata Analytics, Data Mining, Cloud Computing, Internet of Things (IoT), Cyber Security, Machine Learning, Artificial Intelligence, Cloud Security, Data Science, Web development, Computer Vision, Natural Language Processing, Block chain technology etc., along with running the fundamentals/core courses on Computer Science. All the courses support job employability of students.

Careers in Computer Science

Computer Science is a dynamic and rapidly growing area that has become an integral part of the world that we live in today. We are moving ahead with a world welcoming the era of Artificial Intelligence which has opened various Job opportunities for Computer Scientists to grow and broaden their skillset. All the industry domains now-a-days are connecting themselves with the technological advancement, either it be an agriculture industry or healthcare, electronics, defense, transportation or any other. The Department provides a five-year integrated course on M. Sc. (Hons.) in Computer Science, B. Sc. (Hons.) in Computer Science and Ph. D. in Computer Science which not only focus on the core academics to strengthen the fundamentals of computational and mathematical ideas but also aims to promote the students towards the development of soft skills in project management, team work and communication etc. The students are open to choose various elective subjects to enhance their knowledge/skillset such as Natural language processing, Machine learning, Cloud Security, Cloud Computing, Cyber security etc. along with making the programming at the fingertips. To bridge the gap between academia and industry, the Department has also initiated MoU with Oracle Academy & ICT Academy etc., to conduct research-oriented training programs/seminars/workshops to open enormous number of pathways to the students. This will make them a very promising aspirant

as a data scientist, cloud administrator, cloud analyst, application programmer, software engineer, creative coder, video game developer, systems analyst, cyber security expert, and many more roles.

Research in Computer Science

Research comprises creative work undertaken systematically to increase knowledge, including knowledge of man, culture, and society, and the use of this stock of knowledge to devise new applications. The department of Computer Science aims to establish state-of-the-research facilities to foster creative research work in diversified domains of Computer Science such as Cloud Computing, Cyber Security, Privacy and Forensics, Internet of Things, Block chain, Data Science / Big Data (Datamining), Wireless Networks, Machine Learning (Deep Learning), Image Processing (Computer Vision), Natural Language Processing (NLP), etc. The faculties of Computer Science are engaged in research through international collaborations and are working on emerging research challenges. Currently, the department has established an Advanced Cyber Security Research (ACSR) lab to carry out cybersecurity-related research activities supported by the sponsored project taken up by the faculties. The department has set up a Marico Centre for Women Empowerment (COWE) in Doon University with an aim to train the female students of the university in various technological areas. The department organized 70 hours of Data Analytics workshop for women's skill enhancement under COWE in collaboration with the Research and Innovation Cell Doon University in 2022. The department often organizes research seminars/guest talks of academic and industry persons to make the students aware of the open research challenges.

Ph. D. in Computer Science

The Department is offering Ph. D. programme for the students with the essential qualifications and aims to establish state-of-the art computational facilities that will allow students to venture into emergent Core Computer Science areas such as Machine Learning/Deep Learning/Artificial Intelligence (AI), Cyber Security, Block chain, Internet of Things (IoT), Computer Vision etc. and the applications of the emerging technologies into interdisciplinary domains such remote sensing, healthcare informatics, bio-informatics, rural development practices such as smart agriculture, transportation and smart city, etc.

Ph.D. Programme in Mathematics

The Department of Mathematics offers a Ph.D. programme in approximation theory, fuzzy reliability, multicriteria decision making and bio mathematics, other relevant subjects.

9.8 School of Biological Sciences

The School of Biological Sciences (SoBS), established in the year 2021 is a multidisciplinary school with teaching and research focused on understanding and conserving the life on earth. The School is mandated to become a Centre of Excellence in the field of Biological Sciences in the country and the world. “SoBS is committed to excellence in cutting edge scientific research and building capacities of trained professionals who can meet the emerging challenges in conserving life on Earth.”

The SoBS offers the undergraduate programme in Biological Sciences with multiple exit options keeping in line with New Education Policy (NEP-2020). The undergraduate programme in Biological Sciences is a three/four year i.e., six/eight semester course. The course provides an in-depth study of the biological science and the related areas and involves courses having both theory and practical components. The aim of this programme is to introduce biology as an integrating natural science domain rather than sub- disciplines. The School has also attracted international students in every academic year so far.

The foundation of the subject is built through Discipline Specific Core (DSC) Courses related to biological sciences disciplines coupled with Discipline Specific Elective (DSE) courses which are choice-based specialization courses of different streams of modern biology with an interdisciplinary perspective. DSC courses are rigorous in-depth courses that build on the foundation and develop critical thinking and problems solving skills. Since the subjects involve a lot of experimental work, therefore, substantial laboratory work is an integral part of almost all types of courses. Along with the DSC and DSE courses, student can also opt generic elective courses (GE), Skill Enhancement Course (SEC), Ability Enhancement Courses (AEC) and Value Addition Courses (VAC).

The fifth and sixth semesters also provide Internship/ Apprenticeship/Project/Community Outreach opportunities to the students. All the students in seventh and eighth semester have to undertake a research project under the guidance of faculties and the outcome of the research will be reported in the form of a dissertation.

Career in Biological Sciences

There is a wide range of science-related careers students can enter with a degree in Biological Sciences. The key areas of employment/careers opportunities include, Research scientist, Biomedical scientist, Forensic scientist, Microbiologist, Biotechnologist, Healthcare scientist in clinical biochemistry, hematology, or immunology, Science journalist, Professor or Teacher, Toxicologist, Conservation officer, Laboratory technician, Science writer or journalist, Biochemist and Entrepreneur.

9.9 Nitya Nand Himalayan Research and Study Centre

Nityanand Himalayan Research and Study Centre (NHRSC) is named after the renowned Geographer Dr. Nitya Nand. He served the Department of Geography in D.B.S. Post Graduate College, Dehradun (Uttarakhand, India) from the year 1965 to 1985 as the Head of Department. He was a passionate teacher, researcher and a committed social worker. He published numerous research papers, articles and books on the natural and cultural aspects of the Himalaya. ‘The Holy Himalaya: A Geographical Interpretation of Garhwal Himalaya’ is his much-acclaimed work. His academic contribution is well documented at national and international levels. He travelled widely and conducted field studies for about two decades (1965-85) of the Indian Central Himalayan Region, popularly known as the ‘Uttarakhand Himalaya’, particularly during the period when the means of

transportation were inadequate.

The centre is hosting M.A. (Geography), M.Sc. (Geology) & M.A. (Theatre) courses from the academic year 2019-2020. The centre is starting graduation courses: B.A./B.Sc. (Geography) & B.Sc. (Geology) from the academic year 2023-2024 as per the guidelines of National Education Policy 2020 (<https://www.education.gov.in/>). For meaningful research towards sustainable development, natural hazards and disaster risk reduction in view of changing climate & seismic vulnerability, centre will start hosing Ph.D. in Geography & Geology from the academic year 2023-2024. The centre also offers certificate courses in Garhwali, Kumauni, and Jaunsari languages to increase the impact of rich heritage of regional languages of Uttarakhand.

Research & Career in Geography: Bachelor in geography can pursue careers in cartography, surveying, research, and data analysis. With a master's degree, graduates can work as geographers, survey researchers, and urban planners. PhD (Geography) is devoted to the study of lands, features, inhabitants and phenomena of the earth & planets.

Research & Career in Geology: Bachelor & Master in geology can pursue careers in energy, geotechnical, mining, construction, and consultancy sectors. PhD (Geology) is devoted to the study of the genesis of earth involving lithosphere, biosphere, hydrosphere, atmosphere, exosphere, and anthroposphere.

Career in Theatre & Regional language: Theatre arts careers include script writing, directing, producing, set design, modeling and set construction, make-up, lighting, music direction, sound, choreography, promotion, education and of course acting, dancing and singing. Regional language learning helps to develop strong cognitive skills, such as better concept formation, mental flexibility, multitasking, listening skills and problem-solving, in addition to improving social interaction and encouraging connection between peers. Such regional languages are significant in view of increasing tourist influx & business opportunities in Uttarakhand in the last decade despite major flood events.

Global South Centre for Urban Studeis: This course is designed to provide in-depth knowledge of urban planning and managemnet. The programmed accomdated additnal 10 seats for the executive program. The specialized track is designed to cater to professionals looking to enhance their urban planning and management skills.

Courses to Be Offered

- i. Urban Governance and Administration
- ii. Urban Planning and Policy
- iii. Urban Justice and Inclusivity
- iv. Urban Housing and Land Management
- v. Urban Infrastructure and Design
- vi. Urban Data Analysis
- vii. Urban Environmental & Sustainability
- viii. Smart City and Urban Digital Transformation
- ix. Urban Finance

Dissertations:

- a. Gender Justice & Evaluation
- b. Sustainable Water Management
- c. Sustainable Flood Management

- d. Future Cities
- e. Urban Health & Well-being
- f. Urban Informal Sector

9.10 Centres of Study and Research

Centre for Public Policy (CPP)

School of Social Sciences, Doon University

About Us

- Centre for Public Policy is an autonomous Centre anchored in School of Social Sciences (SoSS) of Doon University. The Centre wishes to promote and nurture researches and serious efforts in the domain of public policy, with special reference to the mountain States like

Uttarakhand. In the context of climate change and associated vulnerability especially to the mountain ecosystems necessitates the formation of an institutes that can act as a facilitator for policy formulations and evaluations for the state. With this view in focus it wishes to establish an on-going dialogue with all on-going researches and research projects which may be in progress Uttarakhand in Universities, Colleges and any institution of excellence, both past and present.

➤ **Present focus of the Centre is on following research based activities:**

- Collection of data on all completed Researches leading to award of a PhD or D.Litt degree, published or unpublished, in any of the Social Science Disciplines e.g. Education, Sociology, Economics, Anthropology, History, Geography, Geology, Women or Tribal Studies and Sciences which have public policy interface like Environment Science, Ecology, Forestry etc.. Completed Research Thesis is to be documented and stored for the purpose of publication or extending help in getting the Research published, if of public importance,
- Maintaining a Live-Register of all on-going research work in Uttarakhand Universities with a view to interact with the Research Candidates/Scholars for (a) assist such research projects by linking them with related departments/Ministries of State or Central Governments, (b) interact with the Research Candidate/Scholar with a view to extend help by linking them with Experts and Subject Matter Specialists who may be in a position to help the Candidate with suitable guidance in his/her research project, or (c) in few cases in which the Centre is itself interested in for specific reasons to extend help itself, in view of its crucial importance to the State or the domain of study
- Prepare an inventory of public policy or public domain interest themes in which research projects/ research work should be initiated at various Universities/Colleges/Centres of Excellence level or in the Departments/Directorates of the State Government, in order to improve the effectiveness of public intervention through government schemes and projects, and
- Undertake publication of Monographs, Discussion Papers, Status Papers of themes of public interest which may be available with various Departments, Universities, Colleges, Externally Funded Projects like Ajeevika, Gramya, Swajal etc. The Centre has already published a few Papers and has plan to publish a Series of publications which have relevance to public policy related domains. The Centre is also involved in action research on a few public policy themes.
- Introduction of Ph.D. Program from the Academic Session 2023-24 under the Joint Supervision of Chair Professor, CPP and concerned faculty of the Department with the following Departments:
 1. **Environment**
 2. **Management**
 3. **Social Sciences: Thrust Areas: Economics, MSW, Anthropology.**
- Introduction of 02 Courses from the Academic Session 2023-24 which can be taken by any student doing PG/Research.
 1. Public Policy & Governance
 2. Industry-Academia Interface

9.11 Dr. Ambedkar Chair

Doon University is deeply grateful to Dr. Ambedkar foundation for establishing Dr. Ambedkar Chair at the university towards translating Dr. B R Ambedkar's ideas into practical propositions and policy instruments relevant for attainment of our national goal of social justice.

The Chair, established in School of Social Sciences, has been allocated to Doon University with the thrust areas -- "social inclusion and empowerment of weaker sections of society" for pursuing study, research, teaching and extension activities.

It is in this context that the this centre will critically explore socio-cultural, economic, political, health, educational and employability status and empowerment of women and SC/ST communities in Uttarakhand. The centre would undertake studies on history, socio-cultural practices, social structure, social stratification, marginalization of SC/ST, women and other weaker sections and efforts to empower them, occupation, livelihood and caste, customary laws and implementation of progressive legislations and socio-economic development programmes meant to empower those who have continued to remain on the margins of society. Apart from research, publications and teaching, the centre would conduct workshops, trainings, capacity building and legal awareness/legal aid porgrammes (in collaboration with other agencies) towards empowerment and attainment of social justice.

Collaborations, seminars, trainings and workshops

Ambedkar Chair will engage with colleges and schools in the state and sensitise their faculty on the issue of human rights, caste discrimination, gender, untouchability etc.

Apart from organising short periodical bi-weekly, monthly or bi-monthly interactive lectures/workshops and seminars, one annual seminar will be organised on important contemporary issues related to social justice, human rights or gender issues. Students, academicians, lawyers and civil society leaders would participate in these activities.

Engagement with renowned artisans, artists, activists

The Ambedkar Chair, apart from undertaking research, organising seminars and workshops, would engage with artists and renowned artisans who have years of experience of working on the relevant fields, particularly with an Ambedkarite perspective. They can be invited and encouraged to work in collaboration with the Chair. Such practices are already being taken up by many universities, including abroad, where they are recognised for their work and experience and not necessarily for their academic qualification.

Annual publication and newsletter

An annual publication will be brought out based on the presentation of papers in the annual seminar. Apart from this, The Chair will bring out a periodical newsletter about activities undertaken. The newsletter will also contain articles and analysis on relevant themes.

Online discussion platform

The Chair would organise online discussions regularly and develop an online network of individuals, activists, academics, research scholars working on the issues relevant to the mandate of the Chair. This platform will also serve as a digital resource centre for those engaged with relevant themes.

10- Fee Structure

10.1 General

- (i) Prior to Registration for an Academic Programme the students shall deposit the required amount of Admission Fee as given below. The Admission shall be confirmed only after the Admission Fee is deposited by the student by the specified date.
- (ii) Non-payment of Fees within the stipulated time shall lead to cancellation of Admission. In this event the candidates next in the merit waiting list shall be offered Admission.

10.2 Fee Structure

(i) Common Fee (irrespective of academic programmes):

1. Admission Fee (one time – non-refundable):	Rs. 2000.00
2. Caution Money (One time-Refundable):	Rs. 5000.00
3. Degree Fee (one time for one degree- non-refundable):	Rs 750.00
4. University Magazine Fee (on annual basis):	Rs 100.00
5. Student Council Fee (on annual basis)	Rs 100.00

(ii) Hostel Fees

1. Lodging (per semester):	Rs. 6000.00
2. Electricity, water, utilities charges (per semester):	Rs 2000.00
3. Mess Caution Money (One time- refundable):	Rs. 2000.00

For BPL/अन्त्योदय candidates, Lodging fee will be - Rs. 3000 and Electricity, water, utilities charges- will be Rs 1500 per semester

(Note:- The Hostel Fee (Lodging and Electricity, water, utilities) for all the candidates will be increased by 5% per annum from the next Academic Session)

- (iii) **Mess charges:** Actual as per tender rates for food.

20- Anti-Ragging Initiatives

Anti-Ragging Policy

(Prohibition, Prevention and Punishment)

Ragging is prohibited in the University Campus as per the direction of the Hon'ble Supreme Court of India. ANTI-RAGGING COMMITTEE/ANTI RAGGING SQUAD of the University has been constituted to curb the menace of ragging.

As per UGC Regulations, it is mandatory for every student and his/her parent to submit an Anti-Ragging Affidavit at the time of first admission and thereafter each year at the time of annual registration. As per the order of the Hon'ble Supreme Court contact details of students must be collected from this affidavit and stored electronically at a central location. The Ragging Prevention Programme has developed an ONLINE procedure for downloading anti ragging affidavits.

Every student and their parent should complete the online procedure in three steps:

Step 1: Log on to www.ANTIRAGGING.in or www.AMANMOVEMENT.org. Click on the button – online affidavits

Step 2: Fill in the information as desired and submit the form

Step 3: On successful completion you will receive affidavit both for students and parents, through e-mail.

If you do not have email address of your own or your parents you can create one before log in or you can give email address of your friends or relatives.

UGC Regulations:

'Ragging' means the following

Any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness any junior student, indulging in rowdy or undisciplined activities which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student or asking the student(s) to do any act or perform something which the student will not do in an ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student.

Punishment

Depending upon the nature and gravity of the offence as established by the anti-ragging committee of the institution, the possible punishments for those found guilty of ragging at the institution level shall be any one or any combination of the following:

- (i) Cancellation of admission
- (ii) Suspension from attending classes

23.1 CENTRAL LIBRARY

About Library

Welcome to the Central Library, the heart of academic learning and research at our university. Our library is dedicated to providing students and faculty with access to a diverse range of high-quality resources that support their teaching and learning activities. With an extensive collection of physical and digital materials, including books, journals, CDs, and online databases, our library is a vital resource for all students across various schools and departments. Our print resources are classified according to the Dewey Decimal Classification (DDC) system and arranged in a logical order to facilitate easy retrieval. To assist users in locating resources, guide cards are placed on shelves and rows throughout the library.

The Central Library has embraced the integration of Information and Communication Technology (ICT) into its services to enhance user experience. The library has developed an Open-Source Software-based website, an Institutional Repository on DSpace, and implemented Koha, an Open-Source Library Management Software, for its housekeeping activities. The library database is accessible to users both within and outside the university through the Online Public Access Catalog (OPAC). Additionally, remote access to library resources is available via the eLibrary application. Our circulation activities have also been automated, including check-out, check-in, and email notifications of transactions.

The library also launched its eLibrary, which inaugurated by the Hon'ble Governor Sir of Uttarakhand. This digital platform offers a comprehensive array of resources tailored to meet the diverse needs of our users. These resources are aimed at fulfilling the academic and intellectual requirements of all users.

Our Vision

Our Library envisions equipping itself with world-class infrastructure and services to support the academic and research activities of the University.

Lending Service

The Central Library offers a lending service to every registered user of the library, the service is offered from the circulation section, and one can borrow a specified number of documents from this section.

Category wise borrowing facility details are as follows:

Category	No. of Books
Faculty Members (Permanent/Contract)	07 Documents
Guest Faculty	04 Documents
Research Scholars	05 Documents
Students	05 Documents
Non-Teaching Staff	02 Documents

Web-OPAC

The online public access catalogue (OPAC) in its web version serves as the primary access point for the library database. It allows for quick and easy checking of the library holdings and enables comprehensive searches by author, title, subject, and keywords. In addition, users can access their library account information and transaction history through the web-OPAC link available on the library website. Dedicated systems are also available for utilizing the OPAC, and it can even be accessed via mobile phones.

Book Bank

The library is maintaining a Book Bank section. The facility is available only for the students and not for the teachers or other staff. Multiple copies of the highly used textbooks are kept in this section. The book-bank facility is especially beneficial for those students who wish to keep the textbook(s) for a longer period. A student can take (get issued) a book(s) for a period of three months by paying 10% of the cost of a book. In case of loss or any damage to the book, the student will have to replace a new book or pay double the cost of the book.

Institutional Repository

The Central Library has set up a digital repository and archiving facility for the Doon University community. The Institutional Repository (IR) is developed using the DSpace Open Source Software. This facility enables the University to archive its in-house publications. At present, the library is archiving old question papers, dissertations, reports, news published about the university in this IR.

Remote Access

The library has been providing a Remote access facility to all the Faculty Members and Research scholars. Through Remote access, one can access all the library subscribed resources, especially journals from outside of the university. The library provides required user credentials to utilize this service and this is also accessible through mobile app.

Indexing of Article

In academic Institutions, article indexing is crucial for researchers and faculty to discover relevant scholarly articles for their studies. Article indexing plays a vital role in information retrieval systems; it helps users find the information they need quickly and efficiently. In keeping with this, the Doon University Library has index articles of bound volume to help users locate resources within their collections.

Anti-Plagiarism support

The library is providing the access to two anti-plagiarism software, i.e. URKUND and Turnitin. Both the software helps in detecting the plagiarised contents in a document and generates a report containing the details of similarity of contents with the other documents. The service is offered to research scholars and faculty members of the university.

System for Visually Challenged:

The library has acquired a specialized system designed specifically for visually impaired individuals. This innovative device aids users in accessing any book in the library collection. It not only translates the content of books into the desired language but also reads aloud, facilitating comprehension for visually challenged users. This facility underscores the library's commitment to inclusivity, ensuring that physically challenged individuals are accommodated and empowered to access knowledge on par with other users.

System based Translation Service:

Currently, the university offers courses in six international languages, and to complement academic endeavors, the library acquires books in these seven languages, including Hindi. It is common for users to wish to read books written in languages unfamiliar to them. In response to this challenge, the library has introduced a translation system facility. This feature enables the translation of any content into the desired language, ensuring accessibility and inclusivity for all users, regardless of their linguistic background.

Membership

The Central Library offers membership to Faculty, Visiting- Faculty, Research Scholar, officers, Staff Members and Students of the University.

We are committed to providing an exceptional user experience and continuously striving to improve our services to meet the ever-evolving needs of our students and faculty. Come visit us, and let us help you find the resources you need to achieve your academic and research goals. You are welcome to visit the library. For more information you may also visit the university website www.doonuniversity.ac.in or library website www.doonuniversity.ac.in/library for latest updates.
