Module Development

- Developed training modules on **Climate Change and Environmental Governance**, with support from the **United Nations Development Programme (UNDP)**, for civil servants undergoing training at the **Lal Bahadur Shastri National Academy of Administration (LBSNAA), Mussoorie**, covering multiple stages of the civil services training continuum, from the **Foundation Course to Phase V**. In addition, developed specialized training modules on **Climate Change and Environmental Governance** for **State Administrative Training Institutes (ATIs)**, aimed at strengthening the knowledge, competencies, and institutional capacity of state-level civil servants to effectively address emerging climate and environmental challenges.
- Developed and implemented **training and research modules on Education, Rural Development, Health, and the Swachh Bharat Mission (Gramin)** for relevant state-level stakeholders. The programmes, **sponsored by the Government of India (GoI)**, focused on sector-specific capacity building, incorporating evidence-based approaches and policy perspectives to strengthen the knowledge, competencies, and institutional capacity of state-level officials and improve the effective implementation and delivery of development programmes.
- Developed a comprehensive training module for civil servants of the Republic of Maldives on **Public Policy and Governance**, with a thematic focus on key sectors, including **Education, Health, Anti-Corruption, Right to Information, and other areas of public administration and governance**.
- Developed a comprehensive training module for civil servants of the Republic of Madagascar on **Public Policy and Governance**, with a thematic focus on key sectors, including **Agriculture, Urban Governance, Public Policy, and related areas of public administration and governance**.
- Developed **comprehensive, needs-based training modules for civil servants of the Republic of Seychelles** under a bilateral cooperation programme. The modules were tailored to the country's institutional and governance priorities, with a focus on **public policy, governance, administrative capacity building, and sector-specific development challenges**, aimed at strengthening the knowledge, skills, and professional competencies of civil servants.

- Developed **thematic training modules for BIMSTEC, SAARC, African countries, and other multi-country programmes** under bilateral and international capacity-building initiatives sponsored by the **Ministry of External Affairs, Government of India**. The modules covered key themes, including **Disaster Management, Education, Public Policy, Health, Project Management, Transportation, Urban Mobility, Climate Change, and Environmental Governance etc.** The modules have been successfully delivered to international participants through the **National Centre for Good Governance (NCGG), Government of India**, contributing to knowledge exchange, capacity building, and strengthening of public-sector institutions.
