**Item 2018:25:11 To approve the names of external experts of Advisory Committee of School of Environment and Natural Resources.**

The Academic Council considered and suggested to propose 10 to 15 experts of the field for approval of Hon'ble Vice Chancellor as External members of Academic Advisory Committee of the School of Environment and Natural Resources.

**Item 2018:25:12 To report the approval of Ph.D. Synopsis of following some of the students of Ph.D. Environmental Science.**

The Academic Council noted down, approved the proceedings of DRC of School of Environment and Natural Resource regarding approval of Ph.D. synopsis of the students registered in academic session 2015-16. It was also suggested to submit only proceedings of DRC for approval of the Academic Council in future instead of names.

**Item 2018:25:13 To consider amendment in rule currently used for dropout cases of students**

The Academic Council considered the matter, was of view that in order to maintain the quality, the existing rules used for dropout cases should be retained. However, the student will now have the right to file only one petition for promotion in the next semester.

✓ **Item 2018:25:14 To consider and approve fix number of re-evaluations**

The agenda was considered by the Academic Council. The external members were surprised to see the provision of re-evaluation in the University which is not the practice since a long across the state universities. The Council did not approve to permit re-evaluation of answer sheets.

**Item 2018:25:15 To fix number of re-checking of marks**

The agenda was considered and approved that in place of re-checking of marks it should to be scrutiny. This facility of scrutiny will continue to the students, if any discrepancy found by students. The student will forward application through proper channel for seeking scrutiny facility. If a student is failed in some subjects and student has applied for scrutiny in these subjects, then those cases may be considered for scrutiny.
