Dear Dr. Sharma,

On behalf of the organizing committee, I would like to invite you as an **Invited Speaker** at **Symposium P: Advanced Inorganic Materials and Thin Film Technology for Solar Energy Harvesting and Electronic Application** of 10th International Conference on Materials for Advanced Technologies (ICMAT 2019), scheduled to be held from 23 – 28 June 2019 in Singapore. (<https://icmat2019.mrs.org/symp-list/symp-p/>).

Papers submitted to Symposium P will be considered for publication in a special issue of **Journal of Materials Chemistry A**.

ICMAT is a major biennial event organized by The Materials Research Society of Singapore (MRS-S). The first 9 conferences in this biennial conference series attracted more than 23,000 participants, including 25 Nobel Laureates and hundreds of distinguished plenary and keynote speakers, in addition to thousands of invited speakers

The upcoming 10th edition will have 44 technical symposia, 10 plenary lectures and several theme, keynote, invited, oral and poster presentations with the expected participation of 3,500 delegates internationally. One of the largely participated conferences of its kind, each edition of this conference series remained as a premier scientific platform for both local and international materials scientists, engineers and technologists to share their expertise and knowledge.

As a non-profit organization, the organizer does not have the financial resources to fund your travel expenses or provide speaker's honorarium. However, to help defray your cost of participation, invited speakers will be accorded a 50% reduction of the prevailing registration rate at the time of payment.

We hope you will be able to accept the invitation and look forward to welcoming you to join us at ICMAT 2019, to celebrate its 10th edition and our continual efforts in advancing materials research.

We appreciate if you can respond to this invitation by replying to this email and/or the conference secretariat at icmat2019@immeetcms.com by **Nov 29, 2018**.

With Regards

Goutam

Dear Mr. Chandra,

I am delighted to inform you that you have been accepted to join the Graduate School of Arts and Sciences (GSAS) as a visiting fellow for the full 2021-22 academic year to pursue independent research in affiliation with the Harvard Yenching Institute.

Visiting fellows are full-time, registered graduate students in GSAS who hold non-degree status. As a visiting fellow, you are entitled to audit courses of your choice in the Faculty of Arts and Sciences (FAS) and at other Harvard Schools with the approval of the course instructor, but you may not enroll in courses for academic credit.

Please note that visiting fellows are not normally eligible to apply to degree-seeking programs within the Faculty of Arts and Sciences, and admission as a visiting fellow implies no commitment regarding admission to any other degree or program of study at Harvard University.

Please respond to this offer of admission using our online [Admission Offer Reply Form](#). If you choose to accept our offer, be sure to take note of the important information noted in the [GSAS Applicant Portal](#). There you will find information about tuition amounts, submission of immunization records, visa documents for those from outside the US, health insurance requirements, and more.

I very much hope that you will accept our offer to come to Harvard. We look forward to welcoming you to GSAS.

March 2, 2020

Dear Mr. Shanky Chandra,

It gives me great pleasure to inform you that you have been selected as a Visiting Fellow in the China-Indian Studies fellowship program at the Harvard-Yenching Institute in the 2020-21 academic year.

Founded in 1928, the Harvard-Yenching Institute is an independent foundation dedicated to advancing higher education in Asia in the humanities and social sciences, with special attention to the study of Asian culture. The institute invites a group of excellent Asia-based scholars and fellows every year to come to Harvard for a research stay at the Institute.

The Institute is offering a grant of \$50,350.00 to support you as a Visiting Fellow at Harvard University during the academic year. This grant will extend from August 2020 through May 2021. The purpose of this grant is to give you an opportunity to conduct research for your doctoral dissertation at Harvard. Our grant will consist of approximately the following amounts for the academic year:

Tuition and fees (including health insurance)	\$17,450.00
Stipend (\$3,050.00 x 10 months)	\$30,500.00
Round-trip Airfare (economy class)	\$ 2,400.00
Total	<u>\$50,350.00</u>

The Institute will pay the actual amount of tuition and airfare, whether more or less than the amounts listed above. Your stipend will commence from the time of your arrival in August 2020. If family members accompany you, you will need to cover their travel and health insurance on your own. The Institute will provide you with additional support up to \$2,500 for participating in conferences in North America and hiring English tutor or editorial assistance during your stay. Details on how to use this additional support will be provided after your arrival.

While the purpose of this grant is to further your academic training and dissertation research, there are certain responsibilities that accompany your acceptance of this grant. During your research stay, you will be expected to consult with Harvard faculty members in your field on your dissertation research. You are also required to attend HYL academic activities, and to submit two book reviews in English. Visiting Fellows are expected to engage actively with the colleagues in their cohort and participate as a member of the Harvard-Yenching Institute scholarly community. To this end, all visiting fellows are required to reside in the Boston area and use the office provided by the Institute.

Advance permission from the Associate Director is mandatory if you will be absent from your local residence at any time for a period longer than nine days. Please submit requests for any absences at least one month in advance of your proposed departure date. The only exception is that permission is not required if you are planning to be absent from December 23, 2020 through January 3, 2021 when the Institute and the University are closed for the winter holidays. However, you must receive permission from

the Associate Director if you will be extending your holiday absence either before or after this period. Only if all scholars are fully present in all aspects of the Institute's academic and social life can we build the truly generative and interdisciplinary community in which you can do your best work.

I must ask you, as a condition of this offer, to agree in writing that you will provide the Harvard-Yenching Institute, prior to your departure for your home institution, with a report consisting of a brief account of your scholarly activities and accomplishments during the period of the grant, and to complete an exit survey on the HYI fellowship program and the experience of your research stay.

If you receive funds from another fellowship source, you must notify the Institute so that a suitable adjustment in your stipend can be made. Please note that recipients of a Harvard-Yenching Institute Fellowship are not allowed concurrently to accept other grants or fellowships (e.g. Fulbright or JSPS, or China Scholarship Council Fellowship) without written permission. Should you have any concerns or questions about this offer before making your decision, or any circumstances that might affect it, please do not hesitate to contact Dr. Li Ruohong, Associate Director, at <ruohong_li@harvard.edu>. Regardless of your decision, we would much appreciate a reply by March 15, 2020.

Information on travel, housing, and visas will be sent later in the spring. We ask that you plan to arrive in Cambridge in time to attend a Harvard-Yenching Institute orientation session, which will be held during the week of August 24-28, 2020. The Harvard academic year begins in early September.

Please consider this your official grant offer letter and indicate your acceptance of the Harvard-Yenching Institute Visiting Fellows Grant and its expectations and obligations, by signing the bottom of this letter as an official acceptance of the terms stated above no later than March 15, 2020. Please retain this letter for your records and bring it with you when you arrive and check in with the Institute. Please scan and email the signed agreement form to James Flaherty <jflaherty@fas.harvard.edu>.

We very much hope you will accept, and we look forward to having you in residence as an active member of our scholarly community for the coming academic year.

Under the current circumstances of the COVID-19 pandemic, we are planning optimistically in hopes that a residential fellowship program can be conducted in the 2021-22 academic year. Doon University.

Dear Ms. Tanvi,

Greetings from the Institute of Chinese Studies. Hope this email finds you well.

After the interviews for the 2023 ICS-HYT Multi-Year Doctoral Fellowship in China Studies on 10 April 2023, we are pleased to inform that you have been selected for the Fellowship. We convey our heartiest congratulations on this achievement.

For the formalisation of the selection and to have a formal agreement, please remain in touch with my colleague, Dr. Reeja Nair, Assistant Director, Research Associate. Dr. Ruohong Li, Associate Director, Harvard-Yenching, will also contact you in the due course of time to apply for your affiliation at an HYT partner university in China. Both of them have been informed by email for necessary coordination.

Please be informed that the fellowship will begin only after you complete the required formalities which also involves getting permission from the Doon University for study leave and your supervisor to continue the research work in China and HYT for a period of about two years from August 2023 to July 2025. We are sure that the Doon University would extend all assistance to expedite the completion of your mandatory formalities associated with your move to study abroad under the ICS-HYT Fellowship.

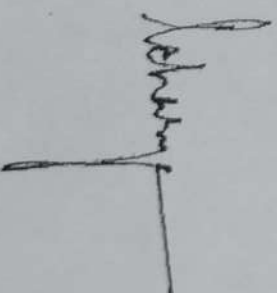

Given your impressive Chinese language skills, you are offered to straightaway start your research at a designated Chinese university for a period of one year followed by second year at the HYT in the United States.

Throughout the course of the fellowship, you will be a visiting fellow at various institutions, and after the completion of the 2nd year at the HYT, you will return to India, complete writing your dissertation and submit it to the University where you are registered.

You are obliged to submit quarterly progress reports, detailing your academic growth, to the Doon University, especially the HoD of your department, your PhD supervisor as well as ICS, the facilitating body of the fellowship. You are also expected to work closely with your doctoral supervisor throughout the course of the PhD.

In case you need any further clarifications, please feel free to contact me.

Dear Shanky Chandra,

The Association for Asian Studies (AAS) and Kyungpook National University will co-host the 2023 AAS-in-Asia Conference in Daegu, Korea from the 24th -27th of June, 2023 at Kyungpook National University.

We are expecting approximately 1200 attendees and have scheduled over 270 dynamic in-person panels and sessions. The AAS-in-Asia Conference is a one-of-a-kind opportunity and event to meet with Asian Studies scholars, business associates, colleagues, librarians, and others who share an avid interest in Asia—its cultures, religions, histories, and languages.

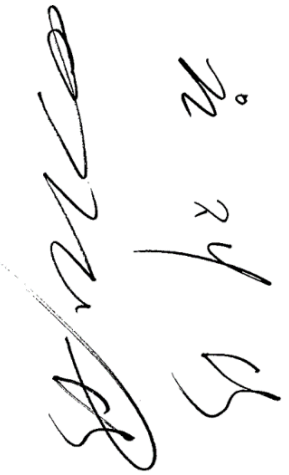

We are pleased to invite you to participate in the following panel that has been accepted by the 2023 AAS-in-Asia Program Committee:

“Bridging over Mutual Estrangement: China-India Cultural Exchange Practice” scheduled for June 26th 09:00~10:50.

Individual Research Paper Presentation Title: “Changing India-China Relations through Chinese Language Education: Prospects and Challenges”

I hope this letter will assist in securing a visa and travel funds. There are many surrounding activities at the AAS–in-Asia Conference. While we are not in a position to provide financial assistance in support of attendance for all attendees, we do hope that the many benefits which accrue from attendance will prove to be worth the effort. The attendance of all accepted panelists is an important and vital part of the success of the overall conference program. We look forward to your participation. Dear Susan,

I hope this email finds you well and pray you are in good health and high spirits. I am writing to request reimbursement for my participation in the AAS Conference 2023 India-China Joint Panel, which took place in Kyungpook National University, June 2023. I apologize for the delay in my response; the past few weeks have been exceptionally busy due to a high workload and some personal commitments.

I am pleased to attach all the necessary documentation for the reimbursement process, including:

- 1) Invitation Letter
- 2) Hotel Booking Invoice
- 3) Flight Tickets
- 4) Boarding Passes
- 5) Registration Invoice

Participating in the conference was a valuable experience, and I am grateful for the opportunity to contribute to the India-China Joint Panel. I am hopeful that the Harvard Yenching Institute will support and reimburse our joint panel expenses, as this would greatly alleviate the financial burden on both myself and my colleague, Nishit Kumar.

During the conference, Nishit Kumar and I shared the same room at the hotel. He has provided his consent to receive his reimbursement grant directly into my Bank of America account for our convenience.

I genuinely appreciate the support and resources provided by the Harvard Yenching Institute for this conference, and I believe that our panel's insights and discussions will contribute positively to the academic discourse in the field. I kindly request that you expedite the reimbursement process, as it would greatly assist in resolving our current financial commitments.

Thank you for your understanding, and I look forward to your positive response. Please do not hesitate to contact me if any further information is required.

Warm regards,

Shanky Chandra.
