(Signature is not required as it is a computer generated letter.)

Dear Shweta Joshi,

Congratulations! I am delighted to inform you that the Department of Electrical and Engineering has recommended to provide full financial support in the amount of \$62,352.00 for AY 2023-2024 towards your PhD study. This includes \$25,002.00 in salary/stipend and \$37,350.00 in tuition. You will receive the official letter shortly with detailed information of the support. The competition for financial support is extremely high, and your selection reflects the confidence of the faculty in your ability to conduct top-quality research. For the health insurance, you will receive a partial reimbursement near the end of each semester; the upfront cost of the insurance, plus other student fees, will be your responsibility to pay and are not part of this package.

I very much hope that you will accept our offer and join us. ECE@GW is a strong department with world-class faculty members, with more than 1/3 of the faculty being IEEE Fellows. The department is located in the state-of-the-art Science and Engineering Hall in the heart of the nation's capital, a cosmopolitan city which offers unparalleled opportunities for cultural and professional experiences.

Please feel free to reach out to us at ece@gwu.edu if you have any questions. We look forward to welcoming you this August.

With best wishes,

Tarek El-Ghazawi
Professor and Department Chair
Electrical and Computer Engineering
