While celebrating Azad Ka Amrit Mahotsav (AKAM) on completion of 75 years of independence, it was felt that although the country has made significant progress in several sectors of the economy, one factor which is impeding this progress is the spreading of the influence of narcotic and other banned substances in the youth. Unless this menace is removed, especially from the youth, who are studying in various higher education / school campuses, we will not be able to see the real fruits of independence.

Ministry of Social Justice and Empowerment therefore launched Nasha Mukta Bharat Abhiyan as a campaign to reach crores of youth in the educational institutions. 75 Higher Education Institutions have been selected for this program. Doon University is one of the 75 selected Higher Education Institutions for spreading awareness about ill effects of Drugs. Under this campaign University conducted activities like speech competition and slogan writing competition. The competitions were followed by presentation of plays. The first play was presented by Theatre Department of Doon University. Towards the end of the play oath was administered to all the students present to lead a happy and healthy life free of drugs.

As an outreach activity to engage community and school students in this noble campaign Sara Dev Inter College Deep Nagar was contacted. Principal of the school Smt. Sushila Bisht supported the campaign and sent a delegation of more than hundred students accompanied by five teachers to the university to participate in all the activities. Parshad of Deep Nagar Shri Sati ji helped in community engagement and supported the campaign whole heartedly.

In all more than 250 students and 50 academicians participated in the campaign

Address by Hon'ble Vice Chancellor

**Prof. Surekha Dangwal**

Hon'ble Vice Chancellor Prof. Surekha Dangwal in her address stressed that preventive action should be taken to ensure that our youth doesn't fall into the trap of substance abuse. Use of drugs effects a person physically, psychologically, socially and economically. If a person gets addicted once , there are 70% chances that s/he gets addicted again. Analyzing the situation , she highlighted the fact that youth of India today is not engaged in meaningful work. They feel bored, lonely and depressed and fall into the trap of drugs. One of the reasons is depleting family structure. Children are suffering because of nuclear family set up where both the parents are working. Children are not able to share their problems and resort to drugs. Prof Dangwal said that a task force in the University would be constituted to create awareness and extend a helping hand to students who are in need and want to come out of addiction.

**STAY AWAY FROM DRUGS**

2005

आओ सुनाऊँ कुछ तुम्हें आप बीती कहानी।  
छीन गया बचपन छिन गई जवानी।।  
बिगड़े कुछ रिश्ते तो बिछड़े कुछ यार।  
ड्रग्स के इस नशे में चून भुला में घर परिवार।।  
सोचता हूँ न किया होता मैंने ये पाप।  
सोचने में देरी हो गयी बहुत, पर देरी में नहीं है आप।।

रगों में है नशा भरा। है अंदर से तू खोखला।।  
ये लत ही बनती जाती है। क्यूं पहले ना मना किया।।  
नशा दुखों का हल नहीं। इसका कोई कल नहीं।।  
बाद में फिर कोसे खुद को। क्या तुझे अकल नहीं।।

**STAY AWAY FROM DRUGS**

अपने देश को आगे बढ़ाना है।  
भारत को नशा मुक्त करवाना है।  
देशवासियों को नागरिक बनाना है।  
भारत का ड्रग्स से पीछा छुड़वाना है।

### Awareness can save youth from drug abuse- Union minister

**PNS • DEHRADUN**

Under the ongoing 'Nasha Mukta Bharat Abhiyan' of the union ministry of Social Justice and Empowerment, an awareness campaign 'Say No to Drugs' was organised by the Doon University on Thursday. The event was organised under the aegis of the Ambedkar Chair of the university.

In the programme the union minister of state (MsS), Virendra Kumar had an online interaction with the students and faculty members of the Doon University. In his address, the union minister said that the directionless youngsters take to drugs as a shortcut for success. Dangwal said that the teachers and other members of the society should develop the habit of objecting to the youngsters on drugs and create awareness in the society on all effects of the drugs on health. She said that the Doon University should take up a task force in this regard and the registrar of the university, M.S Mandarwal, dean of student welfare, H. C. Parash, and others were present on the occasion.

Dr Surekha Dangwal, Vice-Chancellor of Doon University, said that it has become necessary to prevent the younger generation from falling prey to the menace of drugs.
